# THE PRAISE!

## ***Focusing on Worship***

An ancient catechism states that the chief end of man is to glorify God and enjoy Him forever. At this church, our foremost focus is to glorify our Father. Although we love to sing praises to God, we realize that this is only a fraction of what worship is about. We are passionate about living our lives for Him and seeing His presence invade all facets of our life. Musical worship is a vehicle to take us into God's presence and connect us to Him. During our worship gatherings, we encounter our Father and are formed into image of Christ and filled with His mission.

Every Sunday morning, our worship team, made up of talented musical servants, lead us in singing praise to our King. As a congregation of worshippers, we journey together into His presence. We are grateful to the Lord for bringing talented worship

leaders, musicians, and singers into our community whose heart is set on worshiping the Father and serving the community of worshippers.

During the past few years, we have seen tremendous growth in our family's desire to move with the Spirit of God by singing and speaking prophetic words. Through this ministry, people have been healed physically, emotionally, and have received renewed direction. Our prayer is that God would continue to use our worship team to lead us into God's presence and flow with Him.

However, the worship team is only one part of the experience. You are the other part of the experience that we share together. So, don't fail to sing with us, clap your hands, and lift your hands to the Lord in giving glory to His name. Don't watch – PARTICIPATE!

"Our freedom of worship will never surrender to fanaticism. We are forthright and expressive, but differentiate between the sound of praise and the noise of people. We worship as a choir in chorus, not as soloists in competition. We worship in Spirit with liberty, but in concert under leadership. It's safe to praise aloud with us, for we will partner together to worship in the beauty of holiness, and we will preempt both prideful formalism and personal fanaticism."
